

SMARTMUSIC- GRADE 5 IM

To enroll in my “e-class” for SmartMusic exercises, follow the steps below:

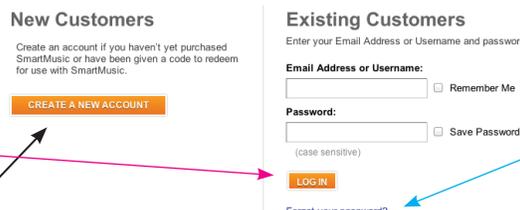

To investigate a home subscription, to to

www.smartmusic.com

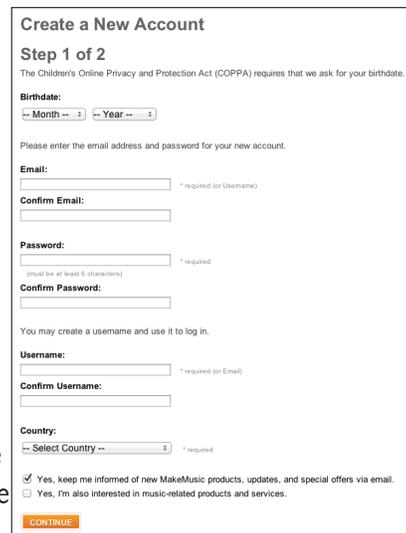

1. Open SmartMusic on your computer at home or here in a Practice Booth. (You can't yet create an account or enroll using the iPad.)

2. You'll see  in the upper right corner of the screen. Hit “Log in”.

If you have forgotten your password, fill in the email address that you used to create the account and SmartMusic will email you a “temporary password” which you can use to get in. Later you can change this temporary password to something that you will remember.

3. Here you are presented with this screen:  If you already have an account, fill in your username and password, hit LOG IN and skip to step 7. If you need to create an account, go on to step 4.

4. Click on CREATE a NEW ACCOUNT. Fill in the information required. After giving your birth month and year, choose an email address to your “reviews” will be sent, and a password that you will remember. The USERNAME can be merely a shortened version of your email address (eliminating the “@gmail.com”, for instance). Select “United States” for the country which is at the top of the list and it's probably wise to keep “Yes, keep me informed...” selected as updates are frequent and free of charge. Hit CONTINUE.

Create a New Account
Step 1 of 2
The Children's Online Privacy and Protection Act (COPPA) requires that we ask for your birthdate.

Birthdate:
-- Month -- -- Year --

Please enter the email address and password for your new account.

Email: * required (or Username)
Confirm Email:

Password: * required
(must be at least 6 characters)
Confirm Password:

You may create a username and use it to log in.

Username: * required (or Email)
Confirm Username:

Country:
-- Select Country -- * required

Yes, keep me informed of new MakeMusic products, updates, and special offers via email.
 Yes, I'm also interested in music-related products and services.

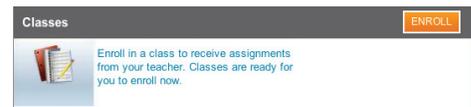

CONTINUE

5. With the next screen, you merely add your home address, skipping every line that is not required (as marked by the asterisk). If you're worried here, your ZIP CODE and city/state must be accurate, but the rest can be fictional. I usually use a “617-555-...” phone number like they do on TV as these numbers do not exist. I've never received a phone call. Click CONTINUE.

6. You will now see a button to identify yourself as a student.  After clicking this, you'll be able to input Chenery Middle School as your school. You will be offered only the schools near the home address and zip code that you entered on the previous screen. You will select your grade in school, BAND as the ensemble, and then your instrument will be “selectable”. You've been playing for either one or two years, now.

7. You are now to the point where you can enroll in a specific class here in SmartMusic. You'll see the screen to the right on the right of the web page, midway down. Clicking ENROLL will present you with all sorts of options.

Day 5 Woodwinds	MCLELLAN	You are enrolled 
Day 6 Woodwinds	MCLELLAN	You are enrolled 
Day 1 Woodwinds	MCLELLAN	You are enrolled 
6th Grade Clarinets	Phipps	You are enrolled 
6th Grade Bassoon	Phipps	ENROLL

Classes **ENROLL**

 Enroll in a class to receive assignments from your teacher. Classes are ready for you to enroll now.

Unfortunately, I have already enrolled in the three options for fifth graders but I have not enrolled in “6th grade bassoon”. I have included this so that you recognize the button you must hit (the ENROLL button). Hit ENROLL for the class that corresponds to your IM Day (Day 5, Day 6, or Day 1). Avoid the ones that list Ms. Phipps as the teacher.

8. Instantly, you are presented with your assignments from the Blue Book. Let's get crackin'!
